Relax, and enjoy our family friendly venue, with an eclectic mix of indoor and outdoor areas with a warm rustic ambience. Enjoy a trip to the past in Grandads Shed, experience our diverse spaces, meeting rooms and conference facilities, excellent food, wide range of wines and non alcoholic drinks with a great range of gifts too. A broad and exciting programme of live music is provided every Friday and Saturday night with gentle background music at other times. A great place to chill out with friends!

A superb meeting place to chill , enjoy live music and catch up with friends.

Sustainable actions underway to help reduce our:

ENERGY

- Extensive insulation, fewer heaters and draught control has helped us reduce our energy use by 33% this year.
- Our new cool room and gas stove are making extra improvements to save on our energy use.
- Investing in an energy efficient commercial dishwasher and washing machine are also helping us save energy.

WATER

- Fitting 2 new low flush cisterns has helped reduce our water use.
- We quickly fixed some leaks to stop water wastage.

WASTE

- Waste to landfill has been reduced by recycling bottles, tins, paper and plastics.
- Food waste goes to chooks and other organic waste is composted.
- Cardboard is used as mulch for the garden to reduce irrigation requirements.
