Southern Forest B&B's Cottage is a self-contained two bedroom Celery Top Pine timber cottage in a peaceful forest setting. It is suitable for couples, or families and friends travelling together. It features a large deck, open plan living and a well equipped kitchen. The forest and native garden setting provides home for many birds, lizards, pademelons and other wildlife and ensures privacy in a relaxing environment.

*Peaceful, relaxing, enjoyable experiences.*

## Sustainable actions underway to help reduce our:

### ENERGY

- Well insulated passive solar buildings to minimise energy usage.
- Centralized wood heater in B&B providing central heating, hot water and cooking. No electric blankets are used, cosy hot water bottles instead!
- Sustainable wood lot, growing our own trees for firewood.
- Energy efficient appliances & light globes wherever possible.

### WATER

- Collecting Rainwater and recycling grey water.
- Latest dual flush toilets and water saver heads in cottage.
- Using biodegradable cleaning and laundry products.
- 43 acre native forest refuge a paradise for frogs!

### WASTE

- Provide recycling facilities for guests, plus composting bins.
- We encourage the use of unwrapped soaps.
- We buy bulk ingredients wherever possible to avoid unnecessary packaging.
- Using home-grown and local produce whenever possible, with no chemicals.
